

Northstar Analytics — Management Outlook

HISTORICAL PERFORMANCE

Northstar generated \$101.0 million of revenue in FY2025 and \$18.6 million of adjusted EBITDA.

OUTLOOK

Management expects FY2026 revenue to be approximately \$128 million.

FY2026 adjusted EBITDA is expected to be between \$24 million and \$26 million.

Management's longer-term objective is to reach approximately \$150 million of annual revenue within two years. This figure is an internal target rather than reported historical performance.

RISK

Management noted that achieving the outlook depends partly on enterprise-customer expansion and successful rollout of the new analytics module.
